unexpected places.

At the risk of sounding immodest, we must admit it's not very unusual to find luxury in an Oldsmobile.® But finding Oldsmobile luxury this far out of beeper range, well, that may seem a bit unexpected.

Then again, there are a lot of unexpected things about the all-new Bravada.™ Starting with a feature we call SmartTrak.™ SmartTrak is a revolutionary combination of anti-lock brakes and all-wheel drive that automatically sends power to the wheels that need it. Regardless of road or weather conditions.

Another unexpected surprise is... ready for this?... there are only four available options. That's because Bravada comes standard with practically everything. Like its powerful 4.3-liter Vortec V6 engine, over 70 cubic feet of cargo capacity, air conditioning, power windows, remote locks, AM/FM stereo cassette, and of course, the added security of the *Oldsmobile Edge*-the most comprehensive owner satisfaction program in the industry.

To find out more about one new vehicle that's engineered for the unexpected, call 1-800-242-OLDS, Monday through Friday, 9 a.m. to 7 p.m. EST.

Or better still, stop by your nearest Olds dealer and test drive the new Bravada. You'll see it gives new meaning to the height of luxury.
